Re: Pine Bluff Arsenal - EPA I.D. No AR0213820707

Dear Mr. Ward:

Enclosed is a copy of the Groundwater Monitoring Evaluation report completed by Region 6 during its lead inspection at Pine Bluff Arsenal on October 21-23, 1985. It is noted that while Region 6 had the lead in conducting the inspection at the facility, Arkansas Department of Pollution Control and Ecology is expected to enter the inspection information into the Hazardous Waste Data Management System (HWDBS) and to initiate any appropriate enforcement actions for this case.

Should you have any questions or comments with any of our findings or recommendations, please feel free to contact me at (214) 767-0497 or have your staff contact Julie Wanslow at (214) 767-0808.

Sincerely yours,

Erlece P. Allen, Acting Chief
Technical Section (6H-CT)
